Dear Chairperson Jack,

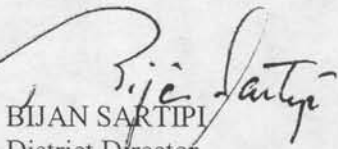

The California Department of Transportation District 4 (Caltrans) and the Bay Area Metropolitan Transportation Commission (MTC) invite you to attend a Tribal Government consultation. The purpose of this consultation is to open lines of communication between our agencies to ensure that the needs of your Tribe are considered in Regional Transportation Planning efforts. Other federally recognized Tribes with transportation concerns as well as ancestral territories in the Bay Area and transportation planning leaders from Sonoma, Marin, Napa, Solano and Contra Costa counties have been invited. This meeting is an opportunity to introduce and initiate what may lead to individualized consultation process for each Tribe for transportation projects within or impacting any part of the nine county Bay Area.

MTC is in the early stages of an 18-month long update of the Region's long-range Transportation Plan (RTP), which will set the policy framework and transportation investment strategy through 2030. All transportation projects in the Bay Area must be included in the long range plan in order to receive State or federal funding. If you have an interest in San Francisco Bay Area Transportation issues please participate in the planning process and make your views and transportation concerns known.

The consultation will be held on Thursday, October 16, 2003, from 10:00 a.m. to 12:00 p.m. at the National Indian Justice Center, 5250 Aero Drive, Santa Rosa, CA 95403. Please join us at 9:30 a.m. for coffee and light snacks. Lunch will also be provided. Mr. Joseph Myers, Executive Director of the National Indian Justice Center will host and facilitate the meeting.

Dear Chairperson Mejia,

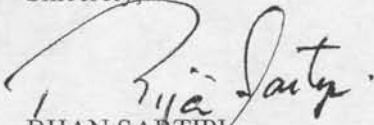

The California Department of Transportation District 4 (Caltrans) and the Bay Area Metropolitan Transportation Commission (MTC) invite you to attend a Tribal Government consultation. The purpose of this consultation is to open lines of communication, consider the potential to establish formal relationships between our organizations, and to ensure that the needs of your tribe are considered in Regional Transportation Planning efforts. Other federally recognized Tribes with ancestral territories in the Bay Area and transportation planning leaders from Sonoma, Marin, Napa, Solano and Contra Costa counties have been invited. This meeting is an opportunity to introduce and initiate what may lead to an individualized consultation process for each Tribe.

MTC is in the early stages of an 18-month long update of the Region's long-range Transportation Plan (RTP), which will set the policy framework and transportation investment strategy through 2030. All transportation projects in the Bay Area must be included in the long range plan in order to receive State or federal funding. Please participate in the transportation planning process and make your views and transportation concerns known so they may be considered in regional planning and funding decisions.

The consultation will be held on Thursday, October 16, 2003, from 10:00 a.m. to 12:00 p.m. at the National Indian Justice Center, 5250 Aero Drive, Santa Rosa, CA 95403. Please join us at 9:30 a.m. for coffee and light snacks. Lunch will also be provided. Mr. Joseph Myers, Executive Director of the National Indian Justice Center will host and facilitate the meeting.

Caltrans and MTC would appreciate your participation. Please respond to Doug Sibley of Caltrans at 510.286.5503 or by e-mail to doug_sibley@dot.ca.gov and provide him with the name, title, and organization of persons planning to attend.
